3 If you have build 38 or newer installed you don't need to download anything, just go to FMRTE Settings and press the 'Check for Updates' button, and FMRTE will update everything automatically;) STEAM automatically updates the game when a new patch is released.

Supported game modes: FMRTE does not allow you to save any changes in Football Manager Classic (FMC) game mode.

IMPORTANT – PLEASE READ! The version of FMRTE was designed to work with FM 13 3.. While it's advisable to keep the game updated, you should know that every time the game is updated it makes FMRTE useless, meaning that it also needs to be updated.. This is to prevent the game from being updated automatically as we cannot **GUARANTEE** that we will be able to update FMRTE to make it work with a future game patch.. So if you want to keep using FMRTE, you **SHOULD** use STEAM in **OFFLINE** mode, or do a full backup of the folder of the game, so you can restore it later.
